

Network of Latino Credit Unions & Professionals

...”to empower the Latino Community to build family wealth, develop economic opportunity, and secure financial stability.”

NLCUP, the **Network of Latino Credit Unions and Professionals**, was incorporated in April 2006 to promote the credit union philosophy within the Latino community.

The Network’s objectives are to:

1 Promote the credit union model and credit union membership to the Latino community

2 Serve as a principal advocate for financial services and economic opportunity in the Latino community

3 Encourage financial education and asset-building within the Latino Community

4 Provide access to affordable financial products and services for Latino families

5 Sponsor and develop professional Latino leadership and representation at all levels within the Credit Union system

6 Develop an internal network of Credit Union institutions to support economic development in Latino Communities
